INTERNATIONAL SUPPLY CHAIN CONFERENCE – LEADING FORUM FOR THE EXCHANGE OF KNOWLEDGE AND EXPERIENCE

Take advantage of one of the leading industry conferences in Europe focusing on supply chain management and logistics attended by over 3,000 decision-makers from industry, trade, and logistics services to attract future customers for your business!

This is the perfect platform for the exchange of knowledge and experience

- on strategies, developments and current logistics trends
- on best practice solutions for the organisation of operational routines
- on forward-looking stimuli from the world of science

In the parallel special-interest exhibition, leading companies from all areas of logistics will showcase their solutions and concepts over an area of around 1,200 m². Together with the wide-ranging networking opportunities in a constructive atmosphere, the daily Business Breakfast, the After-Work-Party and the Gala Evening make the conference the perfect platform for new contacts and encounters.

- One in three participants will be attending the conference for more than four years running.
- 50% of participants are top decision-makers in their company.
- 79% of the exhibitors have exhibited for several years.

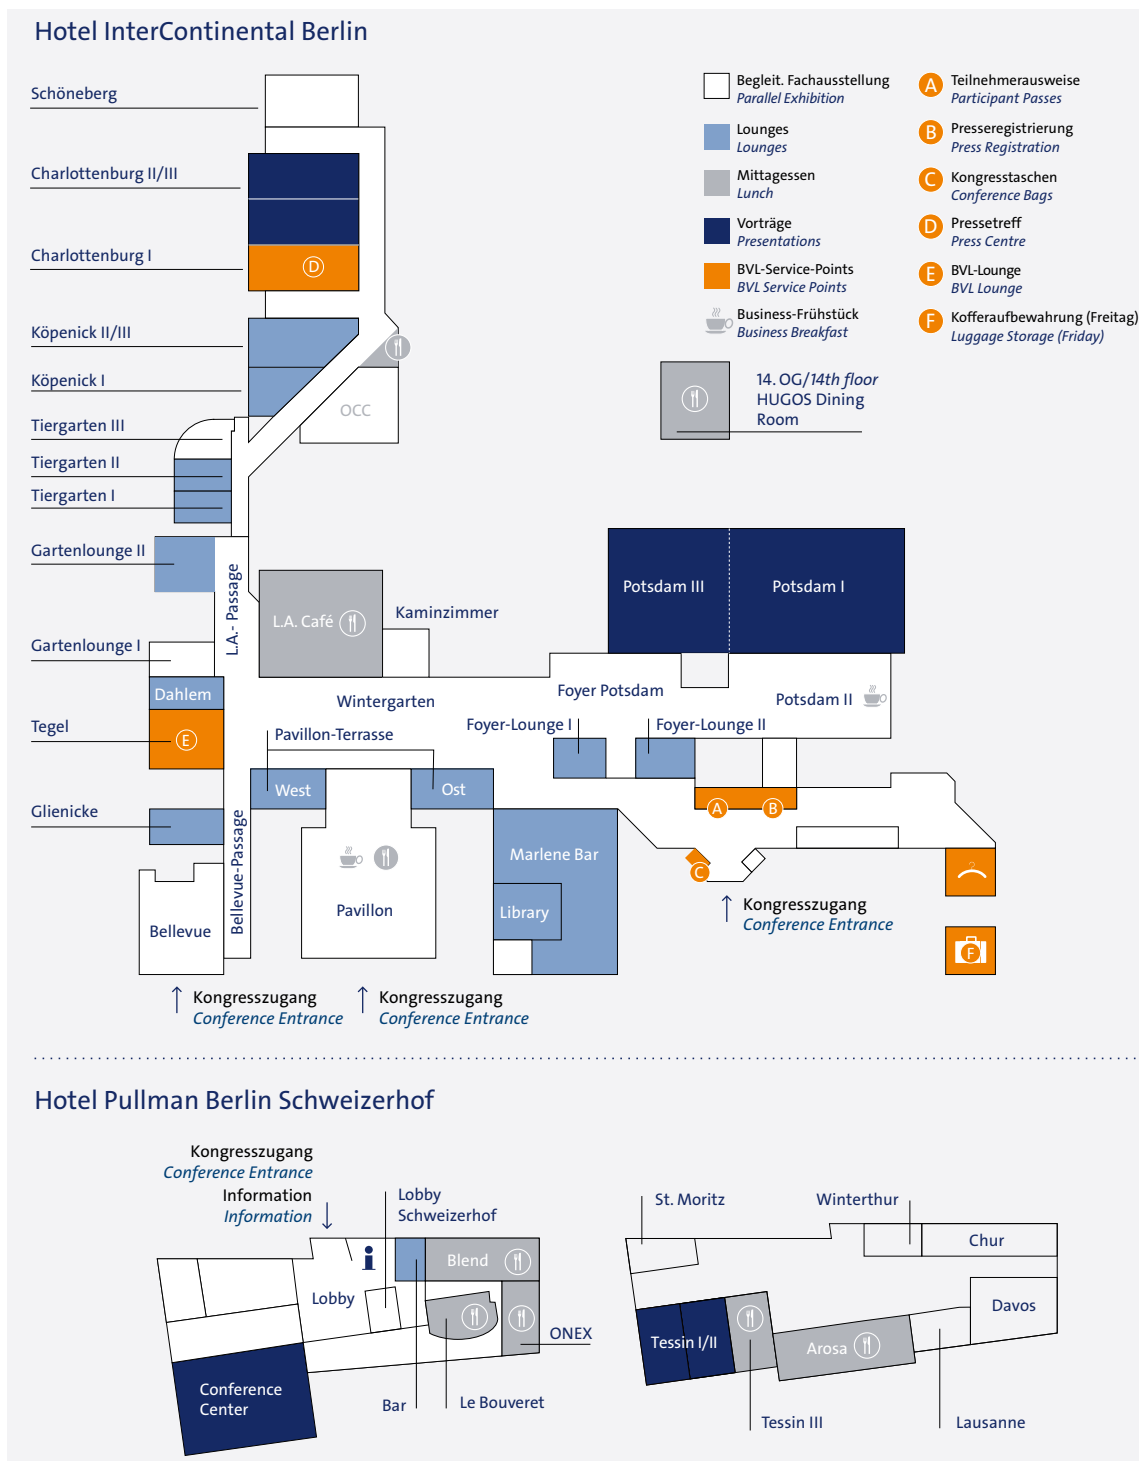

PARALLEL SPECIAL-INTEREST EXHIBITION

The International Supply Chain Conference provides an outstanding opportunity for networking and new contacts in the elegant setting of two premier hotels. The parallel special-interest exhibition during the conference has served as a high-pro-

file marketplace for leading companies from all fields of logistics and supply chain management since 1985. Among all the exhibition stands, special areas and theme lounges, participants can relax at the “all inclusive” coffee bars, enjoy a

business breakfast in the morning and the After-Work Party on Thursday evening. Not to mention the many meetings and company gatherings that reinforce the positive and constructive mood in the exhibition area

Room map for event venues and lounges (stand: 2017)

The rental of € 6,950 net for a standard stand includes the following:

- Area with rental modular stand (3.00 x 1.50 m) with the following fixtures
 - Plastic-coated wall elements, colour white, silver-coloured supports
 - White fascia without lettering
 - Rear wall 3.00 m, side walls 0.50 m
 - Anthracite-coloured carpet
 - Power connection from 220 volts to 2.0 KW, incl. triple plug socket
- Participation fees for the event for two people. These participants can take advantage of all the services provided during the event.
- Option of displaying press folders following prior registration
- One free short-term ticket (valid for 4 hours) for a stand organiser of the exhibiting company on one conference day of your choice (includes all entitlements).

The booking of an exhibition stand requires a BVL company membership.

A BVL membership is mandatory for all exhibitors.

The booking of an exhibition stand in the rooms Potsdam, Foyer Potsdam and Winter Garden requires a sponsoring of at least € 3,500 net. Sponsorship opportunities can be found in this invitation to tender. We are happy to create the right package for you.

The contractual partner must pay a deposit of € 1,000 per stand. The entire invoice is due at the latest before the event begins.

You can find all the relevant information on the parallel special-interest exhibition as well as the allocation guidelines for stand positions at www.bvl.de/iscc.

Access to the International Supply Chain Conference is RFID-controlled and only possible after registration.

JOINT STANDS

Associations, initiatives, business clusters, sector groups and the like can showcase their services and expertise at a joint stand within the exhibition area. The joint stand must have a minimum area of 25 m² and may measure a max. 60 m². The primary exhibitor coordinates the co-exhibitors and logo partners. The exhibition fee depends on the size and location of the stand.

LOUNGES

The pleasant and relaxing lounge atmosphere offers participants an opportunity to take a break from the busy environment of the conference and talk to other attendees.

The lounge is in a self-contained room which bears a special name during the conference (e.g. Tea Lounge). The sponsor/lounge operator decorates the room at his own cost to create an appealing, exclusive atmosphere. The cost of hospitality is also borne by the sponsor (the all-inclusive coffee bars in the exhibition area may be used). The sponsoring fee depends on the size and location of the lounge. The fee includes two free conference tickets.

- The sponsor can include logo partners in the lounge in the form of logo presentations; the organiser charges € 700 per logo partner.
- Two free congress participations are associated with the sponsoring.
- The sponsor can position co-exhibitors in the lounge. The organiser charges € 3,600 per co-exhibitor; this fee includes free participation at the conference for one person.

YOUR ACTIVE INPUT WITHIN A NEW CONFERENCE OFFER

“Meet the Expert”

As Exhibitor you will have the chance to take part at one out of two podium discussion rounds to following subjects: „logistics real estate, software“. You do have the chance to place your company and its solutions within these discussions that will take place outside the regular sessions. These „Meetings“ will last one hour and will be published within the conference programme. In order to participate in this format, a sponsoring is mandatory.

☐ Slot “Meet the Expert” € 2,000 net

SERVICES FOR EXHIBITORS AND LOUNGE SPONSORS

Entrance to the International Supply Chain Conference is RFID controlled and only after registration possible.

After-Work-Party (stand party)

The After-Work-Party provides a vibrant evening programme on the conference area for participants who do not have any evening obligations.

- The exhibitor can organise the “stand party” together with partners. More than one party is permitted.
- The organisational responsibility lies with the organiser in consultation with the hotel and BVL and in compliance with the necessary security measures.
- All costs incurred between 6:30 pm and 10:30 pm are borne by the organiser.
- The exhibition stands are closed once the event begins.

Short-term ticket € 500

As an exhibitor you can invite your customers and business associates to visit your exhibition stand at the International Supply Chain Conference. Purchase of a short-term ticket for a price of € 400 entitles the holder to gain one-time admission to the conference for a maximum of four hours. Registration is in advance using the corresponding online “Short-term ticket” form. The guest will be given the ticket in return for his or her business card at the BVL check-in counter in the InterContinental. If the short-term tickets are not returned to the BVL check-in counter after four hours, the inviting exhibitor will be charged the full participation fee.

Short-term ticket XL, € 650

This ticket is valid for clients and business associates of exhibitors visiting the conference starting on Thursday afternoon with the After-Work-Party until the end of the conference on Friday afternoon.

Short-term ticket XL, free of charge

This ticket is valid for clients and business associates of exhibitors visiting the conference for the very first time, active in Industries and Trade. This ticket is valid from conference Thursday, 5.00 pm, begin of After-Work-Party and ends on Friday with the end of the conference. The exhibitor provides the names of invited persons before the event via email to the BVL for prior approval.

Booking of rooms for side events

Exhibitors can book rooms for press conferences, company presentations and meetings directly in the Hotel InterContinental. Please book the rooms you need (size, time frame, room equipment, catering) directly with:

Carolyn Haase

carolin.haase@ihg.com,

Phone.: +49 / 30 / 26 02 11 65.

Press activities

The virtual press office may be used to upload press releases and photos from approx. week 40 in consultation with the Press and PR unit of BVL.

Sponsoring of the Thesis Award 2018

For many years now the advancement of up-and-coming scientists in the logistics field has played a key role in the work of Bundesvereinigung Logistik. With the Thesis Award launched in 2010, BVL recognises outstanding theses in this area. The theses should be topical and of high practical relevance for logistics and supply chain management. Embargoes on publication imposed by the companies present no problem as only the title of the thesis is named. Professors from logistics-related institutes at universities (of applied sciences) and cooperative educational institutions can nominate outstanding theses written under their supervision and draw attention to excellent work by students.

The award comprises the following:

- Certificate
- Free ticket for the 35th International Supply Chain Conference
- Ceremony for the winners in Berlin and Thesis Conference on the conference Wednesday

The sponsor can moderate the Thesis Conference staged on the Wednesday of the conference as part of the workshop sequence and invite the students to a get-together during the award ceremony. The sponsor is named with logo in the conference programme. The sponsor can brand the photo wall in the BVL Lounge for the professional (and individual) photographs of all award winners.

GENERAL TERMS AND CONDITIONS OF BUSINESS OF BVL SERVICE GMBH

Part I. General Provisions

1. General Validity

(1) These General Terms and Conditions of Business (T&Cs) apply to all contracts with BVL Service GmbH (BVL). They also apply in their respective version to all future contracts with the same contractual partner without the need to make specific reference to their validity in each individual case.

(2) These T&Cs apply exclusively. Terms and conditions of the contractual partner that differ from, that are in conflict with or that supplement these T&Cs will only be considered part of this contract where they are expressly approved by BVL.

2. Making of the Contract

(1) Offers of BVL are non-binding and subject to confirmation.

(2) Contracts are only effective if signed or confirmed in writing by BVL.

3. Conditions of Payment

(1) All BVL prices are plus VAT.

(2) BVL may bill up to 50% of the agreed price as a deposit.

(3) The contractual partner is only entitled to offset or withhold payment where his claims have been legally established or are undisputed.

(4) The payment of the sponsor / exhibitor fee until a fixed due date is a prerequisite for the development and use of the allotted space.

4. Liability

(1) Unless stated otherwise in these T&Cs including the following provisions, BVL assumes liability for the violation of contractual and extra-contractual obligations based on the pertinent statutory regulations.

(2) Irrespective of the legal basis, BVL is liable for damages in cases of intent and gross negligence. In cases of simple negligence, BVL can only be held liable:

a. for damages resulting from injury to life, limb or health

b. for damages resulting from the violation of a material contractual obligation (an obligation whose fulfilment is a precondition for the proper implementation of the contract and in the fulfilment of which the contractual partner generally trusts and is entitled to trust); in this event, however, the liability of BVL is limited to compensation for the foreseeable, typically occurring damage.

(3) The limitations on liability arising from para. (2) do not apply in the event of bad faith on the part of BVL or if BVL has assumed a guarantee.

5. Force Majeure

If it is not possible to hold an event due to force majeure, all payment obligations vis-à-vis BVL become null and void. Beyond this, however, BVL will not reimburse any incurred costs. If it becomes necessary to shorten or prematurely terminate an event in progress, the contractual partner will not be entitled to refunding or reduction of agreed payments. If the event has to be moved to another date for important reasons, the agreements made will remain valid.

6. Code of Conduct, Due Consideration

(1) The contractual partner undertakes to comply with the rules and principles of the Code of Conduct

of Bundesvereinigung Logistik in its cooperation with BVL.

(2) In the implementation of all measures, the contractual partner must always adhere to the principles of serious advertising, and all the advertising and promotional activities he conducts must always pay due consideration to the non-profit character and neutrality of Bundesvereinigung Logistik (BVL) e.V.

(3) BVL and the contractual partner agree to pay due consideration to the legitimate interests of the other party, also and in particular within the context of their PR activities. They will ensure that the other party is informed in advance and in a timely manner of circumstances that may be of importance to the other party.

(4) In the event of non-compliance with the provisions in the above paras. (1) to (3), BVL is entitled to prohibit the corresponding advertising/PR measures of the contractual partner.

7. Exclusivity

Rights of the contractual partner to exclusivity are excluded unless expressly agreed otherwise.

Part II. Participation in Exhibitions

1. Stand Allocation

Exhibition stands are allocated by BVL. The date of receipt of the registration is of no relevance. The wishes of exhibitors with regard to allocation of specific stands will be taken into consideration to the extent that this is possible, but specific stand locations cannot be made a condition of registration. The organiser or BVL may move stands and advertising panels to other locations for organisational reasons or to achieve the desired overall appearance of the exhibition.

2. More than One Tenant, Sub-Letting, Use of the Stand by Third Parties

The contractual partner is not entitled to let third parties use part or all of the allocated stand, to swap or sublet the allocated stand or to accept the allocated stand on behalf of other exhibitors without the written consent of BVL. The admission of a co-exhibitor is subject to a separate application which must be submitted to BVL in writing. Admission of a co-exhibitor is subject to a surcharge. In the event that a co-exhibitor is admitted without proper approval, BVL may terminate the contract with the contractual partner without notice.

3. Stand Personnel/Participants/Guests

The stand personnel must be registered with BVL using the online registration form and must be named. The authorisations are non-transferable. Additional persons must pay additional participation fees. Guests may be invited using short-term tickets under certain conditions.

4. Stand Demarcation and Dimensions

Stands must not extend beyond the defined area. BVL may demand the modification or removal of exhibition stands with non-approved designs or stands that do not comply with the exhibition conditions. If a stand has to be closed for these reasons, the contractual partner is not entitled to demand a refund of the stand rental or to demand compensation.

5. Rental Stand

If the contractual partner has booked a rental stand, the stand will be assembled by the

trade fair assembly company contracted by the organiser. The stand assembly material including fascia (also with lettering) is the property of the trade fair assembly company. No adhesive substances, nails or staples may be used on the walls of the rented stand. The contractual partner will be billed for any damage or for the cost of any special cleaning that is required. In the event that a contractual partner decides to use his own stand system instead of a rental stand (or vice-versa) less than 30 days before the start of the exhibition, a processing fee of € 100 will be charged.

6. Own Stand System

If a contractual partner uses his own stand system or commissions his own trade fair contractor to erect the stand, a drawing of the stand must be submitted for the organiser's approval as soon as possible and at the latest 6 weeks prior to the start of the event. The maximum overall height of the stand is 3 metres.

7. Cancellation

a. If the contractual partner cancels his participation, he must pay a lump-sum compensation charge. In the event of cancellation up to 8 weeks before the start of the event, this charge will be equivalent to 25% of the agreed stand rental, rising to 50% up to 6 weeks before the start of the event and to 100% thereafter.

b. Special regulation for the International Supply Chain Conference

- from publication of conference programme 25%
- up to 6 weeks before conference 50%
- up to 6 weeks before conference 75%
- less than 6 weeks to conference 100%.

8. Advertising

The contractual partner may only conduct advertising activities – in particular the distribution of brochures, leaflets and samples – within his allocated stand area. Posters, stickers or other advertising material attached without approval will be removed during the event and the party in question billed for the cost of this work. Loudspeaker advertising, slide or film presentations and show performances must be approved in writing by BVL. The same applies to the use of other equipment and devices designed to achieve a higher advertising impact by visual means. Despite having given their approval, BVL and the organiser may restrict or prohibit advertising activities that cause disturbances, dirt, dust, exhaust gases or vibrations or that pose a risk to or impair the event for other reasons.

9. Assembly and Dismantling

The contractual partner will be notified in good time of the exact times scheduled for assembly and dismantling of the stands and must adhere to these times. Stand assembly must be completed in good time before the event is opened. Stipulated traffic areas must always be kept clear. The contractual partner undertakes to dispose of waste following assembly/dismantling of the stand. Any clearing work that should be necessary will be charged to the contractual partner. No stand may be cleared in part or in whole before the end of the event. BVL further reserves the right to bar the contractual partner from the next event.

10. Deposit

The contractual partner must pay a deposit of € 1,000 per stand. This deposit is due before the start of the event at the latest. In the event of culpable violation of obligations by the contractual partner, BVL is entitled to retain the deposit in whole or in part, if the banking arrangements are available.

11. Electricity/Lighting, Telephone Connection, Consumables

The stand is equipped with a power connection from 220 volts to 2.0 kW. The cost of general lighting will be borne by the organiser. Telephone connections may be ordered using the corresponding special form, but there is no entitlement to telephone connections. The cost of the telephone connections will be borne by the contractual partner.

12. Liability

The contractual partner assumes liability for all damage suffered by third parties at his stand.

13. Official Regulations

All corridors, aisles etc. in the exhibition area must be kept clear across their full width to comply with safety regulations. The stand construction must not extend beyond the limits of the stand area.

14. Exhibitor/Participant Passes

The name badge distributed by the organiser to all exhibitors is to be worn for the duration of the event. The wearing of other name badges is not permitted.

15. Distribution of Food and Beverages

The distribution of food, beverages and other refreshments is subject to approval unless the services are provided by the stipulated on-site catering service (where applicable).

Part III. Placement of Advertisements

Rights of the contractual partner to specific positioning of an advertisement are excluded unless expressly agreed otherwise.

Part IV. Use of Vehicles

Vehicles provided by the contractual partner must be roadworthy and must be in excellent overall condition. Fuels and operating media consumed during the term of the contract will not be paid for or replaced by BVL.

Part V. Concluding Provisions

1. Saving Clause

If one or more of the provisions in these conditions is or becomes invalid in whole or in part, this will not affect the validity of the remaining provisions.

2. Applicable Law, Legal Venue

(1) The law of the Federal Republic of Germany applies to all legal relations between BVL and the contractual partner to the exclusion of all international legal systems, in particular the UN Convention on Contracts for the international Sale of Goods.

(2) If the contractual partner is a businessperson, Bremen is the sole legal venue. BVL is however, also entitled to file an action at the general legal venue of the contractual partner.
