INFORMATION FOR INTERNATIONAL MEMBERS OF BVL

LOG.Mail International | Issue 1 | February 2021

Sustainability in Action – Winning the Next Decade | 2020 Report of the Board

It is with great pleasure that we send you this year's first issue of **LOG.Mail International**. Despite a year that proved challenging in many ways for the logistics community, the BVL network achieved yet a great deal during 2020. You can look back on what was an eventful year for BVL by reading **Sustainability in Action - Winning the Next Decade - the 2020 Report of the Board**. The report features a foreword from BVL Chairman of the Board, Prof. Dr.-Ing. Thomas Wimmer, as well as a comprehensive roundup of 2020 and a detailed look at the BVL Board's current setup and strategies. Readers can decide if they click through the pages of the report or download the printable PDF version.

BVL will pick up from where it left off last year by offering its members new formats and events both in person and online throughout 2021. Once more, the BVL Office would like to thank you for your continued support and looks forward to linking up and exchanging ideas with you both face-to-face and online.
